Mother/carer registration form

Uncle is required by law to keep a register of names and addresses of members of the organization which other members of the organization are allowed to view (but not copy or take away). We realize that some people have safety and security reasons for not wanting others to know their address. Is this true in your case:

Yes No (please circle)

If you have circled Yes above we will ensure that anyone wishing to contact you who is not staff, volunteer staff or management committee is not able to do so until you have been informed of their intent. If you haven't specified we will assume that other members may know your address.

Most schools have a protective behaviours program within their syllabus – **does the school your son goes to have a protective behaviours program?** **Yes** **No** (please circle)

The Uncle Project In strongly believes that for the safety of all children it is essential that they are given protective behaviours education, even though we do extensive screening of our uncles. If your son has not had protective behaviours education you can find out more by talking to his school counsellor or by looking at the following websites:

<http://www.protective-behaviours.org.au/resources.htm>

http://www.pinky-mychild.com/features/grow_child/protect.html

While Uncle provide mentors to boys, we also attempt to support father/son relationships, however we will only do so with your approval.

If you are prepared to, briefly describe the current situation between your son and his father:

How do you think his father would feel about another man/other men coming into his son's life?

Will you tell your son's father?

Do you have any particular skills or resources you can offer Uncle? **Yes** **No** (please circle)

We constantly need volunteer assistance: in our office; on our management committee; assisting with preparation of activities; preparing lunches/refreshments at activities; networks for fundraising; etc.
